I am asking you not to implement any proposal that would lessen the protections provided by Indiana's Telephone Privacy law. The law is very effective in reducing the number of harassing calls. I use to receive twenty nuisance calls per day. Many left on my voice mail taking up valuable space. Since signing up for the no call list, I have received only two calls. This program is very effective and becoming very popular by the number of phone owners signing up. Thank you for your time in reading my request.
